## MANAGING DIRECTOR'S STATEMENT

### Ana Shrestha

Managing Director of RSTCA

We invite visionary investors to join us in harnessing Nepal's potential, driving innovation, and achieving substantial higher returns.

Since our establishment in 2014, RSTCA Investment Fund has grown from a focused financial advisory and business consulting firm into a visionary investment institution. We began our journey by addressing the increasing demand for strategic business support, which organically led us into the world of equity-based financing.

As our expertise and impact grew, we set our sights on creating a structured fund management platform. Today, we are preparing to transition into a public company, with a long-term strategy aimed at an IPO exit — a move designed to unlock greater value for our investors and partners.

Our inaugural investment vehicle, Fund One, has been structured to include only a limited number of high-quality, high-return projects. For this fund, we have set a targeted capital raise between Nrs. 50 Crore to Nrs. 200 Crore, focusing on ventures with strong ROI and sustainable growth potential.

Following the successful deployment of Fund One, our goal is to expand with a second fund targeting Nrs. 1000 Crore, further solidifying our position as a leading force in the investment landscape of Nepal.

At RSTCA Investment Fund, we are driven by innovation, integrity, and impact. Our commitment remains steadfast—to deliver consistent value to our investors while contributing to Nepal's economic transformation.

#### Why Invest With Us?

- Attractive ROI with Risk-Mitigation
- In-house Due Diligence & Evaluation Teams
- Strong Governance and Compliance Culture
- Access to Early-Stage, Growth-Stage & Pre-IPO Deals
- We are not only managing capital—we are building enduring value.

At RSTCA Investment Fund, we combine a decade of proven financial expertise with a bold vision to reshape Nepal's investment landscape. Our track record speaks through sustainable returns, trusted partnerships, and market intelligence that drives performance.

We are committed to building Nepal's most dynamic investment platform—where smart capital meets strategic execution. With a transparent, compliant, and institutional governance structure, we're not only managing growth but preparing for a public listing and IPO exit strategy that ensures value creation for all stakeholders.
